

Volunteers' Week

Did you know that Volunteers' Week not only celebrates and showcases the fantastic work that our existing volunteers do, but it also raises awareness of volunteering and sparks the interest of people looking to embark on their volunteer journey?

During this year's Volunteers' Week, we saw volunteers being celebrated across the county which helps us promote the huge range of volunteering roles on offer across a diverse host of organisations.

This promotion will have sparked the interest of others wanting to volunteer, so now is an ideal opportunity to advertise volunteer roles on countydurhamvolunteering.org.uk to continue the momentum that [Volunteers' Week](#) has sparked.

Traditionally we tend to see volunteering from the younger generation who are at the start of their careers or older retired people at the end of their careers but the [Vision for Volunteering](#) wants to see volunteering embedded throughout all stages of our lives which includes people of working age.

On 9th July voluntary and community sector organisations are invited to a showcase event to find out more about organisations who have staff volunteer programmes that can support the voluntary and community sector in County Durham.

The event aims to highlight the offer available and to best utilise the skills of the Employer Supported Volunteer offer to make a meaningful impact for the communities of County Durham.

You can book your place [here](#).
